Uniting Asia's Cocoa & Chocolate Industry for a Sweeter Tomorrow

ABOUT US

Since its founding in 2003, the **Cocoa Association of Asia (CAA)** has been dedicated to promoting and supporting the Cocoa industry throughout the Asia Pacific region.

From cocoa farming to manufacturing and the advertising of chocolate products, our organization is committed to every aspect of the cocoa value chain.

Our members include traders & exchange, logistics providers, cocoa processors, chocolate manufacturers, and fast-moving consumer goods (FMCGs) companies. With over 90% of the cocoa trade and manufacturing in Asia represented among our members, we take pride in being a leading voice in the industry.

Our mission is to bring together cocoa enthusiasts, professionals, and businesses to foster a vibrant community that celebrates the art, science, and culture of cocoa.
